About Me

I am currently a student working part time with a passion for a wide range of music and the processes the go into creating it. In my spare time I like to create music both digitally in a DAW and physically with my home studio setup, which is comprised of a Juno 6, DX7, 909, 303, MPC 1000 as well as a 3630 compressor and SPX90 effects unit. I am also currently teaching myself piano and guitar.

Skills

- Knowledge of multiple DAW such as Logic, Pro Tools and FL Studio
- Experience with hardware synths, drum machines, samplers and rack units
- Knowledge of signal flow in a home setting and studio setting
- Knowledge of microphone techniques
- Knowledge of industry plugins such as those from FabFilter and Universal Audio
